

Selkirk Middle School and High School  
Board Report  
June 21, 2016

The end of school was a busy time for seniors. The senior trip to Spokane and Coeur d'Alene went well. The seniors also enjoyed senior breakfast with Mrs. Cain and Mrs. Dunbar sponsored by Teck. The picture below was taken right before the senior trip.

Graduation practice had two new events that I hope to make into traditions. At the beginning of practice grades 6-11 joined the seniors in the gym for an autograph assembly. To promote making plan for after graduation seniors were invited to sign their 8x10 senior pictures and put their plan like college, military, or career on their picture. Seniors are invited back to post "graduate" or "service dates" on their picture. The pictures are in my office. The other new event was a senior parade through the elementary school. Again this is designed to have students think about their future.

Graduation and promotion went smoothly. Angela Cain, Beth Dunbar, Donovan Johnson, Pam Zimmerman and Debby Krabbenhoft deserve special mention for their efforts to make graduation and promotion successful!

The other big change is new carpet in the North and South Hall. I will be working with teachers to design a plan to protect the carpet from food and drinks. The issue is the cafeteria is used by middle school in the morning and high school students do not have a place to drink morning beverages.

The next school year begins with 6<sup>th</sup> and 9<sup>th</sup> grade orientation on August 30<sup>th</sup> and classes start on September 6<sup>th</sup>.
