The Selkirk Lady Rangers are State Academic Champs! This reflects well on our athletes, coaches, teachers and parents! The team will be honored in the State Softball Awards Ceremony in Yakima. Coach Mondich is taking the team for an overnight stay on May 26.

Lexy, Sierra, and Jenna were selected to be on the District 7 1B All-Opponent Team. Coach Mondich was selected as the District 7 1B Coach of the Year. Congratulations Lady Rangers!

Mrs. Goodnight's and volunteer Mr. Rumelhart's computer science class are applying their new coding skills to robots. Students use math functions to program Sphero's to run a maze without a driver! Students find this program highly motivational to excel in math and computer science.

Calvin and Peter were selected to be on the District 7 1B All-Opponent Team for baseball.

Our Boys Track Team took 2nd place against 17 teams at the Priest River Invitational. The District 7 Regional Track Meet is this Friday and Saturday. Selkirk has many athletes hoping to qualify for State.

The students say thank you to Jacob, Ellen, Mykenzie, Auburn and Katie for serving as our 2016-17 ASB Officers.

This year there was enough interest in running for office that Selkirk ASB actually held an election. Congratulations to Auburn, Parker, Jenna, Quinn, and Ellen.

Mrs. Snow's classes celebrated with a pizza party for completing over 100,000 math problems on IXL. This online program provides supplementary math practice that is in addition to classroom assignments. The middle school and high school combined for over 196,000 math problems this year. In Selkirk, Math really is cool!

Mr. Johnson's high school music students enjoy practicing outside on a rare nice weather day. Mr. Johnson will be hosting the Ritz featuring songs from Creedence Clearwater Revival and the Eagles on May 20th.

State Superintendent of OSPI, Chris Reykdal, met with Panorama Principals on May 10th with a very positive message about the future of schools in Washington. A big Thank You goes out to Superintendent Reykdal for traveling all the way to Colville to communicate with rural school leadership!
