

Selkirk High and Middle School
Board Report
January 25, 2016

Jazz on a Winter Night celebrated their 25th performance.
Alumni came from as far away as Coeur d' Alene.

Pend Oreille Health Coalition met to begin the grant writing process for Accountable Health Communities. For the first time in my career, health care is asking schools to participate recognizing our large role in the community. Pend Oreille is ranked 35 out of 39 for healthiest counties. We have a lack of physical activity opportunities according to County Rank. We are 5% above the state average for smoking. 25% of our pregnant mom's smoke.

Battle for the Paddle will have the initial contest between the Selkirk Rangers and the Cusick Panthers at our last home basketball game on February 2nd. Our ASB challenged Cusick's ASB to a dress up day contest to go along with the three basketball games. We asked Cusick for a challenge back for a second spirit contest.

Mini Cheer Camp brought 32 of future cheer leaders to half time of both girls' and boys' varsity game.

Mr. Johnson led a performance to honor Martin Luther King Jr.

Selkirk ASB and Pend Oreille County with Mrs. Reed's leadership sponsored an all day work shop called Breaking Down the Walls. The goal of the work shop is to bring students together and end the isolation that can lead to extreme violence in schools. Mrs. Reed is continuing the work with a group of student leaders forming a welcoming committee for new students, appreciation notes to students, and other projects.

Newport School District continues to invite Selkirk to Threat Assessment meetings in cooperation with Pend Oreille County Sheriff and Counseling. Officer Parnell has committed to join the group as we form a separate north county task force.

February 3rd will be our first run to implement FEMA's emergency response system. The initial drills will be testing the system and educating staff.

Mrs. Cain's class and Mr. Reeve's class have found a way to help students enjoy the outdoors during the winter months with snowshoes and cross country skis.

Mrs. Cain's sewing class partnered with the third grade to make their pillows.
